Remedial Course Report 2020-21

In the academic year 2007-2008 , Remedial course have been started for First year B.Sc students. They are categorized as slow learners and advanced learners. The Remedial classes are being conducted by the subject teachers to help the weaker students improve their academic performance.

Slow and advanced learners are identified based on following parameters and their weightage.

Sr.No.	Parameter	Weightage in Percentage
1	Marks obtained by students in objective type test	100%
2	Academic performance of students in 12 th Std.	50%

- **Slow Learner - If Total Assessment % is Less Than or Equal To 50 %**
- **Advanced Learner - If Total Assessment % is Greater Than or Equal To 70 %**

At the beginning we arranged online MCQ test out of 50 marks which held through Google form for all F.Y.BSc Mathematics students on the basis of 12th Science Mathematics syllabus. There are total 40 students were participated in this exam and out of which there are total 11 students who got **less than or equal to 50 %** score considered as a **Slow Learners** and total 4 students who got score **greater than or equal to 70 %** considered as **Advanced Learners**.

Activities Conducted for Slow Learners are online lectures , Counselling – special hints and techniques, University Question Paper Solving, Assignment Solving, Personal Attention.

Activities conducted for Advanced Learner are Advanced Assignments, Encouraging to participate in various symposiums like online Quiz, Poster Presentation, Inter Institution Competition, Madhava Mathematics Competition, webinar etc.

Finally we arranged slow learners online examination through Google form and from that examination we noticed that they improve their own subject knowledge.

ENGLISH DEPARTMENT

Language Laboratory 2020 – 2021

A Brief Report

The English Department of K.R.A. College offers as a Compulsory / Special / Optional and Additional subject to the students of B.A., B.Com and B.Sc. courses. The Language Laboratory is established in the academic year 2014-15. Those students who are enrolled and seek admission in the English Department are taking benefits and facility of Language Laboratory. Our Language Laboratory has installed various kinds of software which are beneficial for the students. The following types of activities are performed such as Technology-mediated task-based group activities, classroom presentation, discussion and workshops in addition to teaching by lecture, peer learning, project / report writing and periodical assessment are part of the program.

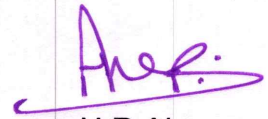

The well-equipped & sophisticated English Language Laboratory established in our college offers English proficiency programs. In the fast changing socio-economic scenario at the global level the importance of English as a medium of communication both oral as well as written has become a known fact. The conventional class room teaching, for all practical reasons, prepares the students more for the examination and generate in students language consciousness.

In the academic year of 2020-21 as it was lockdown, very few students could take advantage of the Language Lab. We guided through on line mode and advised them take advantage of YouTube and audios – videos. Some students took advantage of it. There was not a time table as the students were given guidance to use their mobile and laptops. When the lockdown period will over, the students would take advantage of Language Lab personally.

Remedial Course 2020 – 21

A Brief Report

Remedial coaching Classes are held by Remedial coaching Course Committee for the benefit of socially and economically backward class students. It is an attempt of the college to reduce their failure and the drop-out rate. They are categorized as slow learners and advanced learners. The slow learners are given extra coaching and attention so that they should not lag behind than the other students. The advanced learners have given more attention so that they can excel in their study. These special classes are conducted apart from the regular time-table of the college.

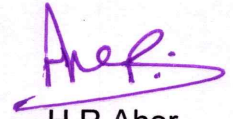

Remedial coaching Classes are conducted subject wise as per the need of the students. Remedial coaching Programme is organized at undergraduate level with a view to improving subject knowledge, academic skills and Linguistic Proficiency of the students in the various subject.

In this academic Year 2020-2021 the students of F.Y.B.A., F.Y.B.Com., and F.Y.B.Sc students have given entrance in the remedial course. Total 26 students have been chosen for F.Y.B.A. English, Total 25 students have been chosen for F.Y.B.Com. Accountancy, Total 40 students have been chosen for F.Y.B.Sc. Mathematics, Total 37 students have been chosen for F.Y.B.Sc. Physics. In this way we tried to bring down the dropout rate of the SLOW LEARNERS.

Remedial Course in English 2020 – 21

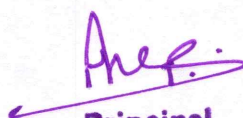

A Brief Report

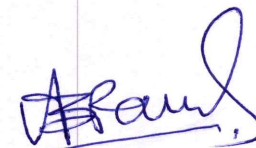

Remedial Course has been started in the Academic year 2020 for F.Y.B.A students. At the beginning of the year Multiple choice Questions test was conducted through the Google form on the basis of 12th standard Arts Total 100 Students were participated in the test 26 Students who got below 50% score considered as a SLOW LEARNERS group and 37 Students who got above 50% score are considered as ADVANCED LEARNERS group.

We have delivered online lectures for slow learners students. Advanced learners students were guided to take part in different online programmes such as conferences, seminars, webinars etc.

Finally, we arranged online examinations for the slow learners through Google Form.

After the arrangement of such examination, we come to the conclusion that and noticed as well that the students can bring improvement in their own subject knowledge.

Remedial Course in Physics 2020-21 A Brief Report

Remedial coaching classes are held by Remedial coaching course committee for the benefit of socially and economically background class students. It is an attempt of the college to reduce their failure and the drop out rate. They are categorized as slow learners and advanced learners. The slow learners and advanced learners. The slow learners are given extra coaching and attention so that they should not lag behind than the other students. The Advanced learners have given more attention so that they can excel in their study. These special classes are conducted apart from the regular time table of the college. Remedial coaching classes are conducted subject wise as per the need of the students. Remedial coaching programme is organized at undergraduate level with a view to improve subject knowledge, academic skills and along with it deep knowledge.

Remedial course has been started in the academic year 2020-21 for F.Y.B.Sc. Physics students. At the beginning online M.C.Q. test held through Google form on the basis of 12th science. Total 37 students were participated in it. 19 Students who got below 50% score considered as a slow learners group and 18 students who got above 50% score considered as advance learners group. We have arranged online lectures for slow learner's students. Advance learners students were guided to take part in different online programme. Finally we arranged slow learners online examinations through Google form. From that examination we noticed that they improve their own subject knowledge.

World Women's Day 8th March 2021
A Brief Report - 2020-2021

Savitribai Phule Pune University, Students Welfare Board and Karmaveer Ramraoji Arts, Science & Commerce College jointly celebrated "Women's Day" on 8th March 2021. On this National Women's day program achieve the goal of creating awareness among student about gender equality and their rights.

College students should be capable in mentally physically and intellectually and self reliance also should be develop in them. It is very essential to develop a positive attitude among the students as well as spread awareness about gender equality and their rights in every field. Every woman has the power to play all the difficult roles. The contribution of women's is not merely bound with home but they are also hand in development of the country. To give this inspiration the department of "Gender Sensitization Awareness" arranged he program on the day 8th March 2021.

The aim of this activity requires the holistic development of the students. Not only school curriculum important for student but also need physical fitness because a strong mind grows in healthy body. Therefore Dr.Kavita Nikam the chief guest of the program gave an important lecture on "Covid Time and Remedies" and how to care our self in Covid-19 pandemic period during lecture asserted that it is necessary to give courage to that Corona victim without ignoring them. We can avoid infection by taking proper care of this disease without fear, she also suggest that wash hand properly with soap, use sanitizer, were mask, do not go outside without any reason and keep safe distance etc.

The chairman of Deola press association Mr. Sanjay Deore also suggests that "Stay home, Stay safe." As well as he also shares experience during this period that how all the news reached the citizens uninterruptedly and how the journalists did their best to maintain vigilance. Honorable Deore advised all the students to live life with positively, confidence, awareness and responsibility. To achieve the goal of national unity, gender equality the Maharashtra press Association felicitated the Corona warrior who faithfully

carried out his responsibilities and duties faithfully regardless of their lives during this pandemic period were also honored. Also were honored covid warriors college professors, some volunteers from the N.S.S.

The chairperson of this program was the principal Hitendra Aher appreciated all the corona warriors. The program was introduced by Dr.Malti Aher (Vice Prin.) The coordinator of Gender Sensitization Awareness program Prof. Dr.Jaymala Chandratre guided on Gender Equality. It is necessary to stop the discrimination between men and women which is inculcated in the minds of children from an early age. Giving information about the Equal Civil Right Act in the country, she said that the law gives the right to protect women's rights feelings and equality legally. But it is equally important that it is in forced some law remain only on paper but reality they do not seem to be complete. All the professors, students of the college were present in program. The programs anchoring were conducted by Miss Anjali Aher. Total 240 beneficiaries attend the programme.

Dr.J.V.Chandratre

**Three days Workshop on E-Content Development for Effective Teaching
24 to 26 June, 2020**
Under
FACULTY DEVELOPMENT PROGRAMME

Topics to be Complete -

- Open Source to Open Knowledge
- Google Classroom
- Making Google forms for assignments and certificate preparation
- Making You-Tube channels by faculties for online/offline teaching, e-communication with students
- Building Knowledge Based Platforms for e-learning
- To create interest among students for online lectures and assignments
- e-Content in Indian languages – Curricular Challenges and Opportunities
- Exploring Wikipedia as a teaching and Learning tool for teachers and students
- e-Content, e-Student, e-Faculty – Reimagining classroom in the digital Age
- Online classroom teaching
- Moodle Learning Management System

Three Days' Workshop on E-Content Development

Subject:- Google Classroom

24 JUNE 2020

Google Classroom

It is a free web service developed by Google for schools that aims to simplify creating, distributing, and grading assignments. The primary purpose of Google Classroom is to streamline the process of sharing files between teachers and students.

Google Classroom integrates docs, sheets, slides, Gmail, and calendar into a cohesive platform to manage student and teacher communication. Students can be invited to join a class through a private code, or automatically imported from a school domain. Teachers can create, distribute and mark assignments all within the Google ecosystem. Each class creates a separate folder in the respective user's drive, where the student can submit work to be graded by a teacher. Assignments and due dates are added to Google calendar, each assignment can belong to a category (or topic). Teachers can monitor the progress for each student by reviewing revision history of a document, and after being graded, teachers can return work along with comments

Features

Google Classroom ties Google Drive, Google Docs, Sheets and Slides, and Gmail together to help educational institutions go to a paperless system. Google Calendar was later integrated to help with assignment due dates, field trips, and class speakers. Students can be invited to classrooms through the institution's database, through a private code that can then be added in the student's user interface or automatically imported from a school domain. Each class created with Google Classroom creates a separate folder in the respective user's Google Drive, where the student can submit work to be graded by a teacher.

Assignments

Assignments are stored and graded on Google's suite of productivity applications that allow collaboration between the teacher and the student or student to student. Instead of sharing documents that reside on the student's Google Drive with the teacher, files are hosted on the student's Drive and then submitted for grading. Teachers may choose a file that can then be treated as a template so that every student can edit their own copy and then turn back in for a grade instead of allowing all students to view, copy, or edit the same document. Students can also choose to attach additional documents from their Drive to the assignment.

Grading

Google Classroom supports many different grading schemes. Teachers have the option to attach files to the assignment which students can view, edit, or get an individual copy. Students can create files and then attach them to the assignment if a copy of a file wasn't created by the teacher. Teachers have the option to monitor the progress of each student on the assignment where they can make comments and edit. Turned in assignments can be graded by the teacher and returned with comments to allow the student to revise the assignment and turn back in. Once graded, assignments can only be edited by the teacher unless the teacher turns the assignment back in.

Communication

Announcements can be posted by teachers to the class stream which can be commented on by students allowing for two-way communication between the teacher and students. Students can also post to the class stream but won't be as high of a priority as an announcement by a teacher

and can be moderated. Multiple types of media from Google products such as YouTube videos and Google Drive files can be attached to announcements and posts to share content. Gmail also provides email options for teachers to send emails to one or more students in the Google Classroom interface. Classroom can be accessed on the web or via the Android and iOS Classroom mobile apps.

Originality Report

Originality report was introduced in January 2020. It allows educators and students to see the parts and sections of the submitted work which contains the exact or similar wording to that of another source. For students, it highlights source materials and flags missing citation to assist the student in improving their writing. Teachers can also view the originality report, allowing them to verify the academic integrity of the student's submitted work. On G Suite for Education (free), teachers can turn on originality report for 3 assignments. This restriction is lifted on G Suite Enterprise for Education (paid).

Archive course

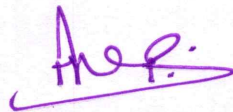

Classroom allows instructors to archive courses at the end of a term or year. When a course is archived, it is removed from the homepage and placed in the Archived Classes area to help teachers keep their current classes organized. When a course is archived, teachers and students can view it, but won't be able to make any changes to it until it is restored.

Mobile applications

Google Classroom mobile apps, introduced in January 2015, are available for iOS and Android devices. The apps let users take photos and attach them to their assignments, share files from other apps, and support offline access.

FACULTY DEVELOPMENT PROGRAMME

REPORT ON MOODLE LEARNING MANAGEMENT SYSTEM (LMS) FOR ONLINE TEACHING LEARNING AND EVALUATION

The three days workshop was arranged under the FACULTY DEVELOPMENT PROGRAMME of the college from 24 June to 26 June 2020. Under this Programme the lecture of Prof.T.S.Wagh on MOODLE LEARNING MANAGEMENT SYSTEM (LMS) was held on 26 th June 2020. It was very interacted lecture on moodle topics and gave the Hands-on training to faculties. During the workshop, the physical distancing in seating arrangement for trainees was maintained by the administrative staff.

Introduction

Moodle LMS is online learning platform for students and provide that learning environment. Moodle stand for Modular Object Oriented Dynamic Learning Environment. Moodle is open source learning management system. It is popular among educators around the world as a tool for creating online dynamic course site. Moodle founded and developed by Martin Dougiamas in 2012 and the total number of registration is continuously increasing and 150 countries are used this system. Means it provides learners to constructive knowledge for effective learning and Teaching process. It is available for all platforms like Windows, Ubuntu, Linux and it is a totally free. It is available in Hundred languages. Now Moodle 3.8+. latest version is available.

Following Topics are covered

- 1) Moodle- Modular object oriented dynamic learning environment.
- 2) Philosophy of moodle – martin Dougiamas conceived moodle with social constructionism philosophy.
- 3) Details of moodle installation .
- 4) Moodle registration process
- 5) Moodle roles .
- 6) Moodle parts and blocks
- 7) Moodle activities and detail explanation.
- 8) Resources .

Uses of Google Forms for online Teaching Learning and Evaluation- Dr. S. N. Bhamare

The three days workshop was arranged under Faculty Development Programme of the college from 24 to 26 June 2020. Under this programme the lecture of Dr. Sunil Bhamare on Google form creation and uses was organized on 25th June 2020. He interacted on the following topics. He gave the hands-on training to faculties. During the workshop, the physical distancing in seating arrangement for trainees was maintained by the administrative staff.

Introduction-

Google Forms started life as a Google Sheets feature in 2008, two years after Sheets' original launch. You could add a form to a spreadsheet, format it in a separate sheet, and see your form responses in another sheet. It was basic, but it got the job done.

Google added more features to Forms over time, then finally turned it into its own standalone app in early 2016. Today you can make and manage forms at docs.google.com/forms, with templates and quick access to all your forms in one place.

Google Forms is now a full-featured forms tool that comes free with your Google account. You can add standard question types, drag-and-drop questions in the order you like, customize the form with simple photo or color themes, and gather responses in Forms or save them to a Google Sheets spreadsheet.

You can use Google Forms to create online surveys and quizzes and send them to other people. Computer Android, iPhone & iPad

Procedure –

Step 1: Set up a new form or quiz

1. Go to forms.google.com.
2. Click Blank
3. A new form will open.

Create a form from Google Drive

Create a form in Google Sheets

Step 2: Edit and format a form or quiz

You can add, edit, or format text, images, or videos in a form.

- Edit your form
- Create a quiz with Google Forms
- Choose where to save form responses

Step 3: Send your form for people to fill out

When you are ready, you can send your form to others and collect their responses.

Forms are among the internet's most versatile tools. Whether you need a contact form or a checkout page, a survey or a student directory, a form is all you need to easily gather that information. With Google Forms, it only takes a few minutes to make one for free.

Google Forms—along with Docs, Sheets, and Slides—is part of Google's online apps suite of tools to help you get more done in your browser for free. It's easy to use and one of the simplest ways to save data directly to a spreadsheet, and it's the best sidekick to Google Sheets' spreadsheets.

When you need to gather data for your spreadsheets, a form is your best friend. In this chapter, let's take an in-depth look at Google Forms' features, hidden tools, and add-ons to help you make the forms you need in minutes.

Let's start out by making a quick contact form so you can see how easy it is to use.
